

## Mini Crawlers

Used Mini Crawler Oregon - Our different programs for Mobile Crane Operation are designed for experienced operators who needs certification or re-certification, and for inexperienced individuals who are looking for their very first job as a crane operator. Business demand for crane operators who are certified is high all around the nation. Crane operator positions are high due to their high pay. Crane operators are among the highest paid of any heavy machine operator. Our Crane Operator training offers instruction for various mobile cranes. Course subject consists of Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling. The Crane Training School program is best for operators, riggers and supervisors. Course materials include a manual and informative hand-outs. The safety guidebook that is illustrated features 100 to 250 pages, which depends on the course, of useful and essential material. Course materials comprise load charts and load chart exercises for the crane with which the person training is working. Hands-On Safety Training would take up more than half of the course curriculum. The practical training part is the most effective method to developing and improving personal skill levels. Only experienced journeyman crane instructors are selected to teach the courses. Our instructors possess many years of business experience. Optional testing mechanisms are offered for all of our courses. Students would usually write tests both before and after training. A test for skills is normally administered for programs that comprise H.O.S.T. Trainees would be tested and graded. Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; In-The Seat Training and Certification & Testing.
